What is Weekend Warrior?

Weekend Warrior is a Ryder Cup Style competition between two 12-member teams. The Warrior Cup Weekend is set for Saturday and Sunday, August 24th & 25th, 2019. The two days consist of three competitive match play rounds between the two teams.

On Saturday, the 24th, we will begin with **1-Net Best Ball of 2 or 4-Ball**. Two members of the Red team take on two members of the Blue team...using handicaps. The lowest Net score wins the hole. The group plays until one of the twosomes compiles enough won holes that the other team cannot overtake them or if the group plays all 18 holes that ends in a tie, the match is All Square and that point is halved between the two teams. Otherwise the point for the match is awarded to either the red team or blue team.

The afternoon matches on the 24th are **Alternate Shot**. In this format the red team's twosome and the blue team's twosome alternate shots on each hole until the ball is holed. The lowest score wins the hole (using combined handicaps). By the end of day one there will have been a total of 12 points earned between the two teams.

Finally, on Sunday, August 25th the outcome is decided by **Singles Matches**. Here each member of the Blue team is matched up with a member from the red team. At the end of the day a winner will be decided by the two teams...even if that means a tie breaker match (we've had to do that two times in the nine previous Warrior seasons).

How do I make it onto one of the teams?

In order to qualify for a Weekend Warrior team, you need to earn points by playing on WW dates. When you play on these dates you simply pay \$5 to declare that you are participating that day and turn in your score card at the end of your round. Once all scores are turned in the points are tabulated, giving points for both Gross Scores and Net Scores. The best Gross & Net Score receives 20 points, the next best Gross & Net score receives 18 points, etc. So, each WW date 20 people will earn 2 points or more. If there are more than 20 players, then the players who's score didn't finish in the top 20 still get a point for playing. The scoring always goes best Gross score, then best Net score and so on until all scores have been considered.

Changes for 2019

We've changed just a couple things for this year. There are no make up days and there isn't a minimum number of events you have to play. As long as you earn enough points to be in the top 24, it doesn't matter how many times you play. Now here is a big addition. For the two days of the Club Championship, Warrior points are doubled. This could really bring some excitement into the mix at the very end!
